Dear Harold,

Here is Chapter V, an examination of what was found, fabricated, or whatever at the sniper's perch.

I will, of course, welcome all corrections and suggestions for revision.

As you noted, you probably are a little ahead on tapes and mailers. Since I'm out at this moment, I'll not go out to get more. But please let me know when you have used what I've sent. I didn't keep track of it.

All best,

HH
